

CreditRelief

Relief from
the financial
stress of the
unexpected.

▶ Protect yourself and your family from the unexpected

Unfortunate events, such as a sudden passing, unexpected illness or untimely layoff, can happen at any time, to anyone. Not only do such events bring physical and emotional pain, but they often bring with them financial pain and anxiety. CreditRelief insurance coverage can help relieve you of that extra burden, and allow you to deal with the more personal side of recovery.

▶ Flexible coverage*

CreditRelief gives you the flexibility to cover your loan or lease, in whole or in part. You can choose to protect your balance through Life Insurance and Critical Illness Insurance, or to protect your monthly payments through Disability Insurance, Critical Illness Insurance and Job-loss Insurance... or you can protect both! The choice is yours.

▶ Life Changes*

Life-changing events can often lead to changes in lifestyle. With CreditRelief, you can purchase an option where you may elect to sell back your vehicle, instead of receiving monthly benefits, and have coverage for potential shortfalls in the proceeds of your sale.

* Subject to applicable terms and conditions.

▶ 30 day Guarantee

If you are not completely satisfied with your coverage, simply contact the Administrator within 30 days from the effective date of insurance and your entire premium will be promptly refunded to your creditor.

CreditRelief is underwritten by Canadian Premier Life Insurance Company.
